We offer a **quality service with professional staff** who, with their experience & knowledge of The Gambia, will guarantee that you will enjoy your adventure and the **experience of a lifetime**.

The Gunjur Project provides a great opportunity to **acquire knowledge and understanding of Africa, its people, culture and traditions** and see the day-to-day lives of the local community.

The lodge consists of **8 rooms a restaurant, bar, swimming pool and a campsite**. Nearby you will find an unspoilt and almost endless beach.

When you step outside you enter the **real African world far away from the busy tourist centres** and you will realise there is a lot to discover in The Gambia.

"My family has been to the Gunjur Project Lodge for the past 2 years. We absolutely fell in love with the place! It has had a huge impact on my 9yr old who has ADHD – Jo organised for him to go to the local school and read with the children. Although he struggles, in Gambia he is way ahead of the local children, so it gave him a huge confidence boost which went on to him leading a class assembly back home with a talk about what he achieved!!" - **Elaine B**

"It has honestly been an amazing experience and definitely one I will never forget!"

- **Jenny B**

"Another fantastic week in the sunshine with the Gunjur Project. I didn't think we could top last year, but we have! I truly believe that we have empowered the women of Gunjur this year and look forward to hearing about how they continue to grow and develop." - **Laura W**

"I have been to GP twice, once for 2 weeks and the other for a week and it has changed my life for the better definitely, from the way I act, the way I am to even the way I dress!! Being over in Gambia felt more like home than my real home, I have never been to a more welcoming place. This was my first ever trip out of the UK and it is the one I have the best memory of."

- **Shannon S**

"I have loved every second of this fantastic trip and it has been one of the best weeks of my life!"

- **Eleanor H**

"It was an absolute pleasure as a group leader to work alongside the Gunjur Project. They helped us achieve all our objectives and so much more. Genuinely inspirational." - **Sue C**
